Dear Graeme:

I am sure you receive many letters from satisfied clients, but allow me to add one more to your collection.

First, on behalf of Wichita Towers, I want to express my appreciation to you and your company for providing the non-recourse loan we recently closed. Your in-depth knowledge about the telecom industry and the capital market allowed you to structure a debt instrument that meets our immediate financial needs and our long-term growth objectives.

I am most impressed with the speed at which this loan was funded. I know that your entire organization worked tirelessly on this, and that you played an instrumental role in seeing this through. If our transaction involving nearly 60 cell site locations can be funded in 40 days, then you have certainly earned the bragging right among lenders.

Business aside, I want to tell you how much I value the relationship that developed between us. Basic good customer service is difficult to come by in this day and age, but you have consistently gone above and beyond. In the process you have become a trusted advisor and a true friend.

My family and I will miss your regular visits, but please be sure to stop by next time you are in the area.

Warmest regards,

Bradley Murray
President
